### Chessie days at St. Margaret's

Come join the scientists of St. Margaret's to uncover the secrets of the Chesapeake Bay! All campers will learn about how to help take care of their own environment and to practice "green" ways in their every day life.

A trip to the Chesapeake Environmental center will conclude this camp.

### Build it, Design it, LEGO camp

Calling all creative minded campers! Whether you want to be an engineer, a construction worker, an artist, an astronaut or an architect; Lego camp is for you! Your imagination is the key to what you can create and design. Individuals and groups will have countless opportunities to develop new buildings, better cities and unknown universes!

A trip to Lego at Arundel Mills will occur at the end of this session which will include a St. Margaret's designed Lego workshop.

**Session 3: July 23<sup>rd</sup>-August 3<sup>rd</sup>**
